Construction Laborer: Masonry Course

Richland College  
Construction Laborer  
Masonry Course at CCTC

8 week course

Classroom, Hands-on, & Work Experience

Work Experience Program for Students with paid course opportunity

Construction Compliance  
Training Center (CCTC)

was established by *Compacion Foundation* and *The Hispanic Contractors Association de Tejas* and opened in April 2014 to train, educate, and address occupational safety and health problems within the construction industry.

**NEED Construction Laborers with Experience:**  
Current Class to Graduate November 3, 2017

**Upcoming Class:** October 27, 2017

**Tuesday - Friday 9am to 5pm**

CCTC strives to provide the highest quality hands-on and classroom training possible. At times the demand for certified workers exceeds training capacity, or is required in remote locations. In these situations, our mobile training providers can quickly provide the required training.
